

# Pricing 2015

[E-Vignette & Payment / Pricing 2015](#)

The e-vignette user charge system applies to motorcycles, automobiles, campers and coaches and their trailers, and cargo vehicles with a maximum permissible gross weight of 3.5 tons. These vehicles are authorised to use Hungarian tolled expressways exclusively with pre-purchased road use permits (purchased before entering the toll road), i.e. e-vignettes. The toll charges depend on the category of the motor vehicle and the validity periods. The toll category of the vehicles depends on the number of passengers and the weight of the motor vehicle. The toll category should be as established on the basis of the official entry that appears in the vehicle registration certificate.

**Toll category D1:** motorcycles and automobiles for up to 7 persons including the driver and with a maximum permissible gross weight of 3.5 tons, and their trailers;

**Toll category D2:** all automobiles not included in category D1 for more than 7 persons, and cargo vehicles and campers of a maximum permissible gross weight of 3.5 tons;

**Toll category B2:** Bus;

**Toll category U:** trailers of vehicles in categories D2 and B2, for which the authorisation must always be purchased for the registration number of the trailer.

The toll schedule is valid from 1 January 2015. The tolls are gross amounts, inclusive of VAT.

Toll Categories	Weekly	Monthly	Annual national	Annual Regional
	(10 Days)			
<b>D1M</b> (motorcycles)	1 470 HUF	-	-	-
<b>D1</b> (motorcycles, ≤ 3,5 t automobiles for up to 7 persons and their trailers)	2 975 HUF	4 780 HUF	42 980 HUF	5 000 HUF
<b>D2</b> (automobiles not included in category D1, for more than 7 persons, ≤ 3,5 t cargo vehicles and campers)	5 950 HUF	9 560 HUF	42 980 HUF	10 000 HUF

Toll Categories	Weekly	Monthly	Annual national	Annual Regional
	(10 Days)			
campers)				
U (trailers of vehicles in categories D2 and B2)	2 975 HUF	4 780 HUF	42 980 HUF	5 000 HUF
B2 (Bus)	13 385 HUF	21 975 HUF	199 975 HUF	20 000 HUF

**Weekly and annual national and annual regional e-vignettes for motorcycles are available for prices in the D1 category.**

#### **VALIDITY PERIODS OF E-VIGNETTES**

**Weekly authorisation:** valid on the starting date designated by the purchaser and 9 consecutive days (for 10 consecutive calendar days in total until the 24th hour of the 10th day).

**Monthly authorisation:** valid from the starting day designated by the purchaser until midnight of the day of the same number in the following month. If there is no such day, then to midnight of the last day of the month.

**Annual authorisation:** valid from 1 January 2015 until 31 January 2016 (for a total of 13 months if the purchase happens on 1 January 2015).

#### **REGIONAL E-VIGNETTE**

In addition to the vignettes of the usual validity periods (weekly/10-day, monthly, annual), a new, territory-based annual e-vignette type will become available for vehicles in Categories D1M, D1, D2, U and B2, with which the toll road networks of one or more counties can be used. The validity period of this e-vignette type will be the same as the validity period of the annual authorisation.

**Annual regional vignettes for the following counties can be purchased (which have toll road networks):**

Bács-Kiskun County, Baranya County, Borsod-Abaúj-Zemplén County, Csongrád County, Fejér County, Győr-Moson-Sopron County, Hajdú-Bihar County, Heves County, Komárom-Esztergom County, Pest County, Somogy County, Szabolcs-Szatmár-Bereg County, Tolna County, Vas County, Veszprém County, Zala County.

**IMPORTANT!** Motorists must have a valid vignette when entering a toll road!

In the event of an inspection based on stopping vehicles, the driver must stop the vehicle and show the vehicle's (and the trailer's) documents to the inspector for toll category verification.

The National Toll Payment Services PLC (NÚSZ Zrt.) can perform inspections on any toll sections, including the adjoining rest stops, as well as junction exit and entrance roads that are accessible only from, or leading to, toll sections.

The sales points located along toll road sections are not intended to sell authorisations for the current trip, but to make the purchase easier for future trips. This means that the mobile groups can

also check motorway authorisations at the sales points alongside the toll sections. In such occasions, the indication of the intention to purchase road-use authorisation does not exempt the driver from the obligation to pay an excess charge.
